

Message from the Headteacher:

Dear Parents & Carers,

I hope you are all well. We are definitely missing having all of the children in school at the moment but I know that the teachers are really enjoying communicating with the children via Class Dojo.

We have been working very hard over the last week to gather as much information as possible in order to support those of you without devices or access to the internet at home. Thank you for your patience with this. We are now in a position to begin contacting parents to offer some further support in the form of a laptop or with connecting to the internet. If we do not contact you but you have made us aware that you need support, please be patient as we have a limited number of laptops available at the moment and we are working hard to get everybody connected where possible. If you are unable to access remote learning we will send you a paper pack for the time being. I would also like to take this opportunity to thank Haddon Building Services who have provided the school with a new HP Chromebook to support us in ensuring all children can access remote learning.

If you already have access to remote online learning please ensure that your child is engaging with learning on a daily basis and with all pieces of work being set. Many children are already doing this which is fantastic and we are really thankful for your support in this matter. If your child is not engaging on a daily basis and you need support with encouraging them to do so, please let your child's class teacher know via Class Dojo. Each year group is in the process of recording a step by step guide for parents to support you in navigating around each platform. We appreciate that you may need to access learning at different times throughout the day and that you may need to balance this alongside the challenges of working from home or supporting more than one child. Please be kind to yourselves.

Please contact Mr Harfield or Mrs Collins via the school office if you are in need of any additional support at home such as food bank vouchers or support with learning. We have also been asked to share the following contact with you all should you need to seek help for any essential home support as a result of COVID-19,

- For people living in the Peterborough City Council area: www.peterborough.gov.uk/coronavirus or [0345 045 5219](tel:03450455219)

Next week, you will receive an Autumn Term report for your child. Along with the report you will also receive your child's attendance report and a copy of an example of your child's work. You will now receive a termly one page report for your child in place of the longer school report usually provided in the Spring term. These reports will also supplement the parent consultations in the Autumn and Summer terms.

Mrs Wood
Headteacher

Supporting Home Learning Routines

Consistent routines are important for behaviour and wellbeing in school and our routines at home have changed significantly. Routines support behaviour and you will be finding a new rhythm with your family. Please find attached a helpful guide that you may find useful.

Weekend COVID-19 Updates

If your child has a positive Covid-19 test over the weekend or develops symptoms please contact the school on office@limeacademywatergall.london or 07907 853657.
