

Message from the Headteacher:

Dear Parents & Carers,

What a week! It seems hard to believe that Monday was all about snow and freezing temperatures. I hope the children enjoyed the snow and an opportunity to make snowmen.

You may have seen that the government are considering a return to school in early March. This decision is obviously dependant on many different factors and we will keep you informed of any updates as soon as we have them. Remote learning will continue until all children are back in school full time. We are in the process of arranging for all parents and children who are home learning to have an opportunity to speak to their child's teacher about remote learning. These meetings will take place via School Cloud and we will send you further information about this opportunity shortly.

I would like to take this opportunity to thank you all for your ongoing support. Home learning is a challenge and you are all doing a great job. The activities and tasks that the children are being set should be very familiar to your child so be reassured that they are the experts. If they are unsure of how to complete a task please encourage them to seek advice from their teacher via message on Class Dojo so that we can alleviate some of the stresses that remote learning may be creating for you as parents. If your child is accessing remote learning please ensure that they are uploading their work for the teachers to see. This will help the teachers provide appropriate feedback and encouragement to your child.

This week we have been provided with lateral flow devices to enable school staff to test themselves twice weekly. These tests are now being used in schools across the country with the intention that this will identify individuals who are asymptomatic and by doing so disrupt the spread of COVID-19.

Next week is Safer Internet Week so it would be a great opportunity for you to sign up to our National Online Safety platform using the link overleaf. Have a lovely weekend,

Mrs Wood

Weekend COVID-19 Updates

If your child has a positive Covid-19 test over the weekend or develops symptoms please contact the school on office@limeacademywatergall.london or 07907 853657.

Questions of the week:

We are aware that sometimes it is tricky for children to talk to parents about their learning from the week or that sometimes you get the answer "nothing" for all school questions. Therefore, we are now going to provide a prompt question for each year group every week, so that you can ask your child and get them talking about their amazing learning.

	Prompt for learning question of the week
EYFS	Which ice experiment melted the ice the fastest?
Year 1	What was the trickiest part about making your car? How did you overcome this?
Year 2	What are factors? What are the factors of 10?
Year 3	What is transportation?
Year 4	Do you think the children will make it into Buckingham Palace to meet the Queen in <i>The Boy at the Back of the Class</i> ?
Year 5	What is an improper fraction and what is a mixed number fraction?
Year 6	What do you know about the Battle of Britain and the Blitz?

Dinner Menu w/c: 1st February

Monday	Beef strips or southern style strips and Yorkshire pudding, mixed vegetables and mash potatoes	Ginger shortbread, yoghurt, cheese & biscuits, fruit
Tuesday	Chicken tikka or vegetable tikka, rice and sweetcorn	Scone, jam and cream, Yoghurt, cheese & biscuits, fruit
Wednesday	Roast turkey or quorn fillet, Yorkshire pudding, gravy, carrot, cauliflower, and roast potatoes	Pancakes and syrup, yoghurt, cheese & biscuits, fruit
Thursday	Meat or chesese pizza, salad and coleslaw	Fruit salad, yoghurt cheese & biscuits, fruit
Friday	Battered cod or vegetable fingers, chips, beans, or peas	Artic roll, yoghurt cheese & biscuits, fruit

National Online Safety

We are very pleased to be able to invite you to join the online safety platform that we use in school for teaching about online e-safety. You can sign up for a free Parent/Carer account by using this link:

<http://nationalonlinesafety.com/enrol/lime-academy-watgall>

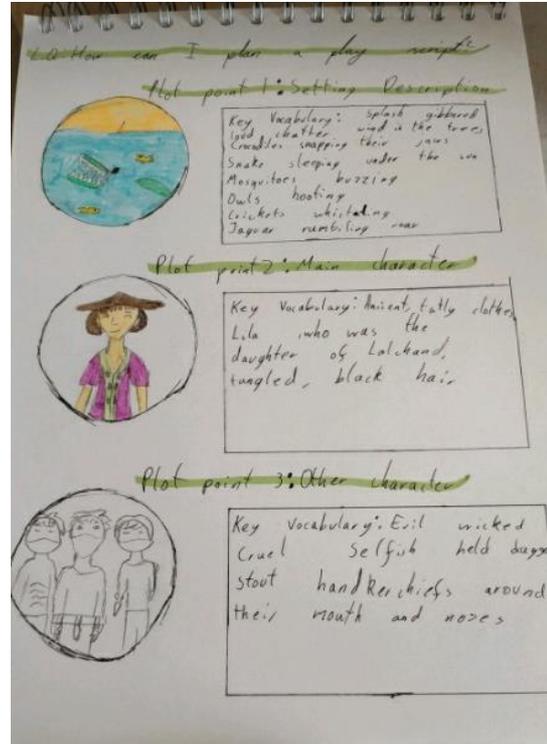

On the National Online Safety platform you will be able to access a range of useful parental guides linked to e-safety and keeping your children safe online. There are many useful guides, tools and resources linked to the ever-growing list of apps available on mobile devices too, including Whatsapp, Tik Tok, Facebook, Instagram and online gaming. There is also a new app that you can download.

Celebrating children's work from the week:

We would like to share with you some of the children's work from Year 5 this week:
